

Assignment 3

IT3040 – ITPM

Semester 1

- The presentation and viva schedules can be found in the CourseWeb module page.
- You are not required to prepare a PowerPoint slide deck for the presentation. Instead, each member has to show their component(s).
- Each group will be allocated a **maximum of 10 mins** for the presentation. Groups exceeding this time limit will be asked to stop.
- Presentations should be done from your laptops. Therefore, kindly bring HDMI convertors or any other resources that is required to connect your laptop to the projector.
- The following aspects will be assessed in the demonstration:
 - Completeness of the interfaces
 - Neatness of the interfaces and appropriate usage of capital and lowercase letters for label names
 - Completion of CRUD operations and report generation or the implementation of unique feature(s)
 - Integration
 - Validations
 - Time management
 - Presentation skills
